# LA COURONNE LE RESTAURANT

## «LA RENAISSANCE DU GOÛT»

Take a pleasure time and let yourself be inspired by the French charm in the midst of a modernly staged interior.

We serve French classics in a new guise, fresh and regional products from our long-standing partners, light, uncomplicated menus for demanding, unconventional and traditional connoisseurs. French cuisine is currently celebrating a great renaissance worldwide. Especially in Solothurn: for 300 years France has influenced and shaped our city and left many traces. The savoir-vivre from Solothurn's ambassadorial days is passionately reflected in the gastronomy of "Le Restaurant". Our excellent chef Martin Elschner and the entire "Le Restaurant" team are committed to making you feel at home.

Whether it's an important business dinner with your customers, an uncomplicated lunch with your girlfriends, a stylish dinner with your loved one or an elegant evening with your parents-in-law - at "Le Restaurant" tout Soleure meets Soleure, people from all over the world meet - soyez les bienvenus!
